

MONOSPAN CHAIN

Your best option for moving small parts, MonoSpan chain is the ideal narrow track system to easily handle debris. MonoSpan is your solution for packaging and product handling.

When you need to move products that could fit in your hand, in both packaging and product applications, MonoSpan is the chain you're looking for. It has a 51 percent open design, which means it is easy to keep clean. The chain can even be washed down while on the conveyor. Made of white acetal plastic, the chain is also durable and stain-resistant. MonoSpan chain has a flexible design that can accommodate multiple curves and elevation changes.
