

METAL DETECTOR

Stop metal contamination in its tracks with our custom designed Metal Detector sections.

1. No Contamination

Eliminate potentially hazardous ferrous and non-ferrous metal contamination in your products.

2. Integration

Conveyor section designed to be used in conjunction with your own metal detector.

3. Chain Options

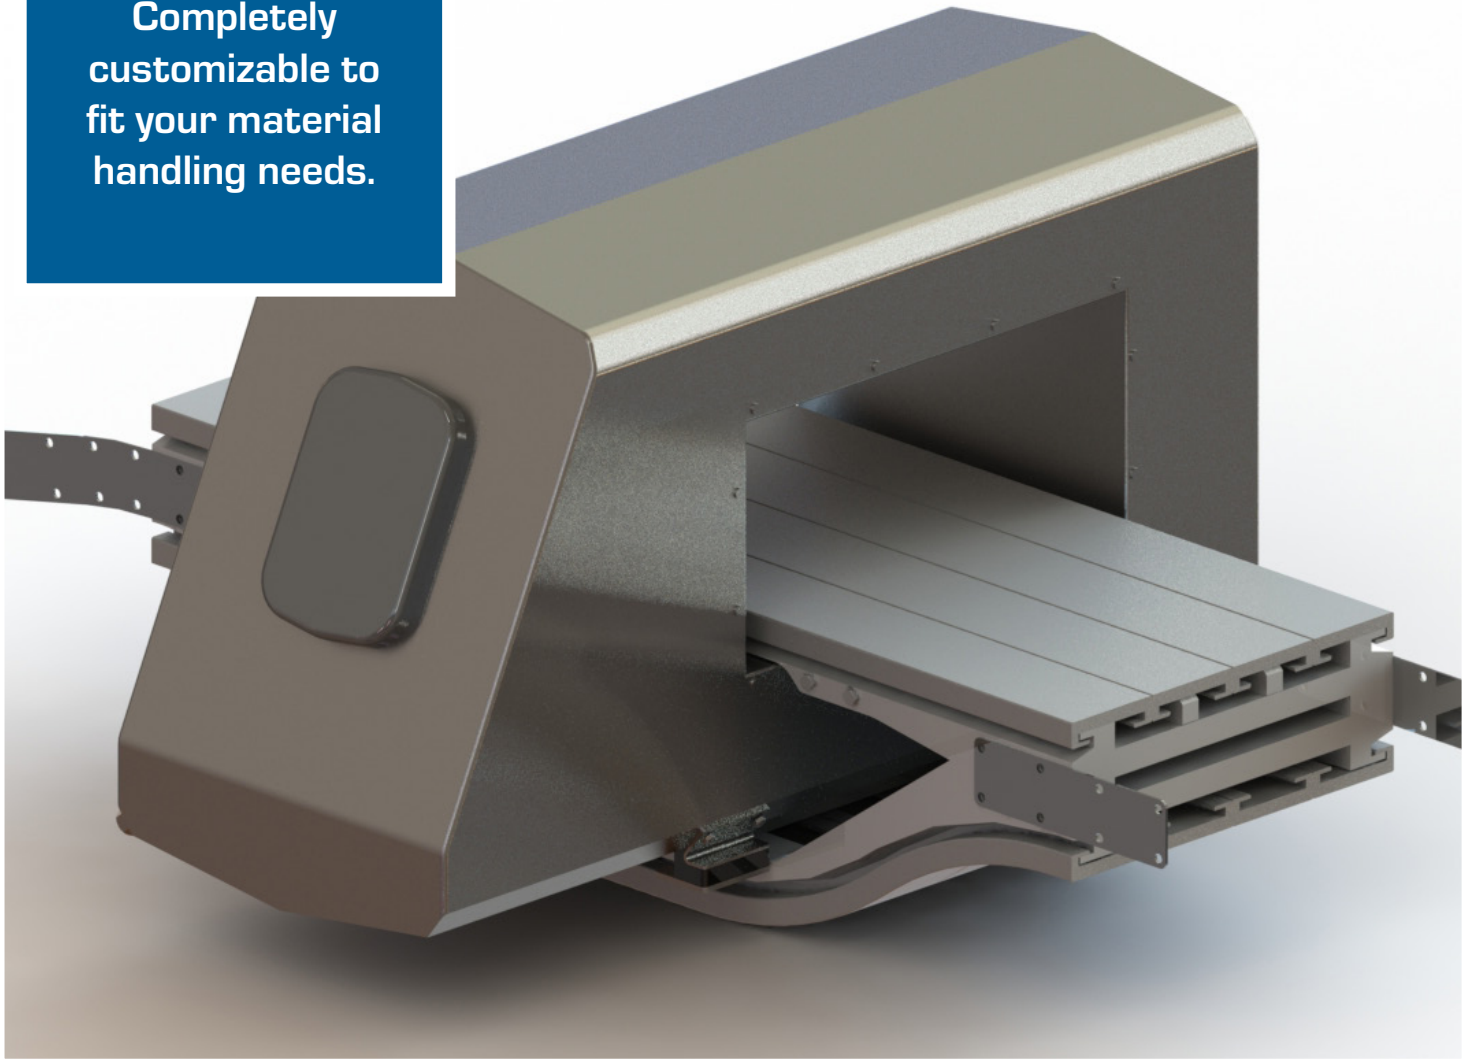

Must use either MaxiSpan or MonoSpan chain due to the need for plastic chain rods.

Recommended For:

Food Production • Pharmaceuticals

**Completely
customizable to
fit your material
handling needs.**

Our conveyors can be equipped with custom, state-of-the-art metal detectors. They offer reliable protection against contamination by ferrous and non-ferrous metals. Our metal detector ready conveyors are best suited for applications in the food and pharmaceutical industries.
